Joyful was modeled by Master Sculptor Reinhold Unger in 1936, a rare example of an *M.I. Hummel* figurine without a traditional base.

This beloved *M.I. Hummel* musician is strumming her final tune. *Joyful* has been entertaining us for more than 80 years, and she's set to retire this year!

This Final Edition of *Joyful* bears a special Backstamp and Commemorative Hangtag. This is your chance to make her yours before she bids you a *Joyful* farewell.
